The Elder Scrolls IV OBLIVION®

Arynn's Heavenly Sword Version 2.1

Requires:

Male body: Robert's male (will work with v3 or v4)

Female body: HGEC-Fighterbody C-Cup
or Exnems EyeCandy

Attention!

*The update version 2.1 brings the ESPs
„Hot “ and „Hottest “ and is intended
only for friends of naked women's bodies!
Everyone who feels offended looking at
nude women should use the versions
„Chaste“ or „Sexy“ to play!*

Installation:

Extract the 7z-archive and copy and paste the files according the folders.
Overwrite old files. Don't worry, only files of „Arynn's Heavenly Sword“
will be overwritten.

Then activate the esp you want to play in the launcher.

Attention! Do only activate one of the esp-files!

Bugs:

If you should find a bug, please send me a PM via
„Schaesoft-Forum“ or „TES Eye Candy Forum“.

This mod shows a lot of naked skin, therefore I have to use
bodiesmeshes. Some movements like creeping may cause
clipping-errors. I've tested a lot and the current version is imho the best
compromise between „looks good“ and „it is clipping“

Credits:

I'd like to thank:

- AlienSlof for her support and the conversion of the male meshes and the creation of the wig
- Aridale Noblebrook Belmont for his mod „Moving Breasts“, which I inserted into the PIs „Hot“ and „Hottest“.
- Growlf and TheSentinel for beta-testing
- The „Spieleabend“-Forum for the constructive criticism
- The TESEyeCandy-Forum for the same reason
- And Bethesda for a great game!!!

Have fun with the plugin!
